Decennial Index to the Monthly Catalog

Some months ago a questionnaire was sent to all users of the Monthly Catalog concerning the possibility of issuing a Cumulative Index covering the years 1941 through 1950. Although the number of responses to this questionnaire was disappointing, work was started on the Index, and subscriptions were offered at $25.00 per copy. The number of subscriptions received is considerably less than the response to the original questionnaire. However, decision has been made to issue the Index in the hope that there will be enough demand for copies of the Index to make the project self-liquidating.

Type setting will be started on this important reference tool by the time this issue of the Monthly Catalog makes its appearance. If you have not already subscribed to the decennial Index to the Monthly Catalog, we should appreciate receiving your subscription as soon as possible.

ROY B. EASTIN,
Superintendent of Documents.
